

# SEEKING: Post Doctoral Fellows

The **Alberta Innovates Centre for Machine Learning (AICML)**  
at the University of Alberta  
is seeking strong researchers to hire as PostDoctoral Fellows

## • Analyzing Medical Data Learning Diagnosis/Prognosis

... of Cancer, Transplant Rejection,  
Toxicity, Cachexia, ...

using patient-specific information...

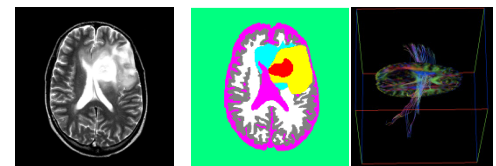

- Microarray data
- SNP / CNV data
- Metabolic profiles
- Clinical data, ...

## • Intelligent Diabetes Management

## • Medical Imaging

## • Foundational Issues

- Patient-Specific Survival Prediction
- “Large p, small n”
- Covariate shift
- Integrating prior information, multiple modalities, ...
