JOB POSTING: Postdoctoral Fellow in Approximation Algorithms at University of Alberta

The Theory Group in the Department of Computing Science at University of Alberta invites applications for a postdoctoral fellowship position to start in Fall of 2015 (or until it is filled). The position will be a one-year appointment with possible extension if funding is available. The successful applicant is expected to work closely with the faculty members in the Theory Group (namely Zachary Friggstad and Mohammad Salavatipour) in the areas of: approximation algorithms, hardness of approximation, combinatorial optimization, and probabilistic and randomized methods.

Applicants must have received their PhD within the past 4 years and have research record published in the areas listed above. Applicants should submit a letter of intent, curriculum vitae, and the name of at least three references (who will be ready to submit a letter upon request) to:

Mohammad R. Salavatipour or Zachary Friggstad
Department of Computing Science
University of Alberta
Edmonton, Alberta T6G 2E8
Canada

Email: mreza@cs.ualberta.ca
zacharyf@cs.ualberta.ca

Review of applications starts immediately, but the positions will remain open until filled.
